Two Streams where You can Pre-Select which Session you want to attend

Hi there OHSA Mini Symposium Registered Attendees.

Eventbrite has its limitations and I was unable to upload the pre-selected Sessions you wanted to attend. However, the speakers would really like to know who their audience is, and I want to ensure that there are enough seating at each pre-selected session. And YES, you can cross over Streams.

Can you please complete this form and return to me Alison Martins OHSA Secretary – ohswa@outlook.com.au to secure your seat for your pre-selected session.

Name:

Company:

Occupation:
